ILLINOIS STATE TREASURER'S OFFICE.

The Bright Start and Bright Directions College Savings Programs are part of the Illinois College Savings Pool and are designed to qualify as qualified tuition programs under the provisions of Section 529 of the Internal Revenue Code. The Bright Start and Bright Directions College Savings Programs are sponsored by the State of Illinois and administered by the Illinois State Treasurer, as Trustee. Union Bank & Trust Company serves as Program Manager for Bright Start and Bright Directions. Northern Trust Securities, Inc. acts as Distributor for Bright Directions. Investments in the Illinois College Savings Pool are not guaranteed or insured by the State of Illinois, the Illinois State Treasurer, Union Bank & Trust Company, Northern Trust Securities, Inc., the Federal Deposit Insurance Corporation, or any other entity.

An investor should consider the investment objectives, risks, and charges and expenses associated with municipal fund securities before investing. This and other important information is contained in the fund prospectuses, the Bright Start Program Disclosure Statement and the Bright Directions Program Disclosure Statement, which can be obtained, respectively, from BrightStartSavings.com, BrightDirections.com, or from your financial professional. The Program Disclosure Statement should be read carefully before investing. You can lose money by investing in a portfolio. Each of the portfolios involves investment risks, which are described in the Program Disclosure Statements.

An investor should consider, before investing, whether the investor's or designated beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarships or protection from creditors, that are only available for investments in such state's 529 plan. Investors should consult a tax advisor.

Qualified higher education expenses include tuition, required fees, books, supplies, and equipment required for enrollment or attendance; certain room and board expenses incurred by students who are enrolled at least half-time; the purchase of computer or peripheral equipment, computer software, or Internet access and related services, if used primarily by the beneficiary during any of the years the beneficiary is enrolled at an eligible educational institution; and certain expenses for special needs services needed by a special needs beneficiary.

An individual who files an individual Illinois state income tax return will be able to deduct up to \$10,000 per tax year (up to \$20,000 for married taxpayers filing a joint Illinois state income tax return) for their total, combined contributions to the Bright Directions College Savings Program, the Bright Start College Savings Program, and CollegeIllinois! during that tax year. The \$10,000 (individual) and \$20,000 (joint) limit on deductions will apply to total contributions made without regard to whether the contributions are made to a single account or more than one account. The amount of any deduction previously taken for Illinois income tax purposes is added back to Illinois taxable income in the event an Account Owner takes a Nonqualified Withdrawal from an Account or if such assets are rolled over to a non-Illinois 529 plan. If Illinois tax rates have increased since the original contribution, the additional tax liability may exceed the tax savings from the deduction.
