II. BACKGROUND

The Treasurer offers a variety of beneficial services and programs to the public. In order to best manage this information, the Treasurer utilizes Salesforce.com as its customer relationship management (“CRM”) solution. Salesforce.com enables the Treasurer to facilitate CRM customizable cloud-based solutions for sales, service, marketing, collaboration, and analytics, including integration solutions with multiple applications and mobile functionality.

The Treasurer’s current Salesforce Organization ID is 00D8000000coxm (“Org ID”). To allow for a smooth transition without loss of the Treasurer’s information or settings within Salesforce, the Contractor will be required to provide Licenses that are provisioned to the Org ID.
